MODEL: 4038P-45P4R 763 17

ATTENTION
This vehicle is equipped with a side-impact protection system (SIPS) that includes side-impact airbags. The side-impact airbags are located in the front outer seat cushions. The side-impact airbags are designed to provide additional protection in the event of a side-impact collision. The side-impact airbags are not designed to protect against all side-impact collisions. The side-impact airbags are not designed to protect against all side-impact collisions. The side-impact airbags are not designed to protect against all side-impact collisions.
